THE DAY, ALL THAT
MATTERS IS
THE RUSH OF
ADRENALINE.

Extreme Cross

Turn downhill days on their head. The Extreme Cross delivers a true advantage, combining extra-ordinary power with 200mm of suspension travel to make light work of every obstacle, drop-off and berm. Charge downhill then race back to the top and keep the laps coming hard and fast.

Husqvarna E-Bicycles wishes to make all riders aware that they need to wear the prescribed protective gear and always ride in a responsible manner in accordance with the relevant and applicable provisions of the local regulations. The warnings and hazard notices in the owner's manual must be observed without fail when purchasing an e-bicycle and using it for the first time. Please contact your Husqvarna E-Bicycles dealer for further information. The illustrated vehicles may vary in selected details from the production models and some illustrations feature optional equipment available at additional cost. All information concerning the scope of supply, appearance, services, dimensions and weights is non-binding and specified with the proviso that errors, for instance in printing, setting and/or typing, may occur; such information is subject to change without notice. Please note that model specifications may vary from country to country.
